Consider That America Is Germans Capture a Polish Interfering With Blockade Against Germany.

London, Eng., Pele 25,-The proposals

of Washington to Great Britain and Germany, which are assumed here to embrace the abandonment of Germany's self declared war pone and the adoption by the beliggerents of some definite policy regarding foodstaffs for the civilian populations, have notically quickened file public interest, both in this country and in Germany in this great diplomatic situation.

The British press in general is restrained the tone but the average Einglishman plainly resents what he considers a hint at an attempt to interfere with the absolute blockade of Germany should England care to enforce this with her sen power. In the meantwhile, and in spite of the sluking of four more British meschaumen, involving the loss of from declaring food destined to Germany to surround them, are holding to the Bobr district at Jedwahne as far at Petrograd hist night. It is stated that the Germans are making continuous attacks all along the front from the Bobr district at Jedwahne as far as the Vintula in the region of Bodgamow. Minor successes for the Russians in the Carpathians are claimed as the postpoued until the American proposals have been discussed at length.

BRITISH ADMIRALTY CLOSES IRISH CHANNEL TO SHIPS

IRISH CHANNEL TO SHIPS

London, Eng., Feb. 25.—The British admirally has issued an order entirely prohibiting reavigation in the Irish channel and the north channel waters lying between England, Scotland and ireland.

The southern entrance to the Irish channel, known as St. George's channel, is between Carnsore Point on the Irish coast, and St. David's head, on the opposite coast of Wales. Certain areas of this channel have been closed to mercantile navigation by the admirative orders, which also require that all traffic wishing to proceed through the mouth channel must pass to the southward of Enthlin island, between sunvise and sunset. No ship will be allowed within four miles of Eathlin island between sunset and sunrise.

The closed area is a parallelogram covering almost the whole of the channel between ireland and the coast of Ayreshire. A narrow passage is left open to scabarne traffic off the Irish coast, but this may not be used between sunsets and sunrise.

The admirally order also closus the greater portion of the north channel leading from the Atlantic into the Irish sea.

ALLIES PLAN TO POOL THEIR MILITARY RESOURCES

THEIR MILITARY RESOURCES
London, Eng., Feb. 25.—A plan for a
union of the financial and military resources of the entente powers, arranged
early in February, was approved Tuesday by the house of commons. During
the debate David Lloyd-George, chancelor of the exchaquer, announced
there would be another meeting of the
finance ministers of the allied powers,
this time in London.

Referring to the joint resources of
the allies, the chancelor said:
"In this struggle, resources are almost of paramount imperiance. This
is a war, not merely of men, but even
more of coupinent. It is in this that
the allies have failen short of their
great enemy, because of the proparations he has been carrying on for
years and years. In this matter time
counts. In men our resources are
greater, and in money our resources
are greater. Time and a full application of all our strength—that is all
that is necessary. If we do it, wa
shall with."

Ouly Six Days Left.

With only alx working days remaining of the present session of congress the prospect of enacting any other legislation aside from the sppropriation bills before adjournment was regarded by senate Democratic leaders today as very slim. They were concentrating their efforts towards the passage of the supply measures.

While reports continued today of a revival of attempts to put through the government ship purchase bill in accordance with president Wilson's wishes, administration senators admitted there was little hope of doing so because of Republican opposition. Prospects of passing the river and harbor bill in its present form also were anything but bright. It was expected that a joint resolution would be substituted for it, appropriating about 130,000,000 for continuing existing projects.

High School Streets Closed.

An ordinance was passed to first reading closing certain streets and allers included in the site of the new high school. By this ordinance St. Vrain street, from Cliff to High streets; Hill street, from Virginia street to Ange street, and all alleys running north and south in blocks 28, 29, 63 and 64 are closed to public use.

An ordinance was also passed to first reading confirming and securing to the El Passo & Southwestern Railway company certain rights of way. By the ordinance Franklin street, lying between fractional block 50 and block 70, in Ressett's addition, and all of Poplar, Magnolis, Rosewood and Maple streets between Missouri and Franklin streets, and all alleys and parts of alleys in the fractional blocks are closed to public use. Works on Agricultural Bill. Works on Agricultural BHL.

An indication of the intention of administration leaders "to sueed up" work on the appropriation bills was seen in the fact that the senate, after passing the postoffice appropriation bill Wednesday, worked into the night on the agricultural bill carrying about \$22,000,000.

\$27,000,000.

Except for a few disputed items—including an appropriation of \$400,000 for distribution of seeds, which was stricken out by a senate committee, consideration of the measure has been completed.

Basement Store News---

An Ad-itorial -- "I Never Knew!"

This may or may not interest you but we hear the expression so often. "I never knew you had such a large basement with so many good, serviceable and needful things in it." The saying "Seeing is believing," is most forcibly brought out in our basement. The volume of business gives us just cause to thank the public for the acknowledgment of the same and at the same times to congratulate ourselves for its success. In advertising items for bargains we first decide that it is a bargain at the price, then we announce it to you. By these constant endeavors we have thus been enabled to bring you and your neighbors to our store. Our Basement Store is in a sense replete with household necessities. In conclusion we would say that you never pay more at The Boston Store and that Lowest-In-The-City prices always prevail here.
